Women in Energy x WCEE Happy Hour

By: **Victoria Teufel**, **Madison Bradley**

On October 7, 2026, Third Way's Women in Energy partnered with the Women's Council on Energy and the Environment (WCEE) for our largest event yet! Hosted at Dauphine's in Washington, DC, the happy hour celebrated our growing community and the connections we continue to build across the energy sector.

Attendees heard from Tenley Dalstrom of WCEE, who shared insights into the organization's work, upcoming events, and opportunities for women to get involved and build meaningful professional connections.

As our Women in Energy community continues to grow, we're excited to build on this momentum and create even more opportunities across the industry to connect, collaborate, and support one another. Stay tuned for more exciting programming in 2027!
